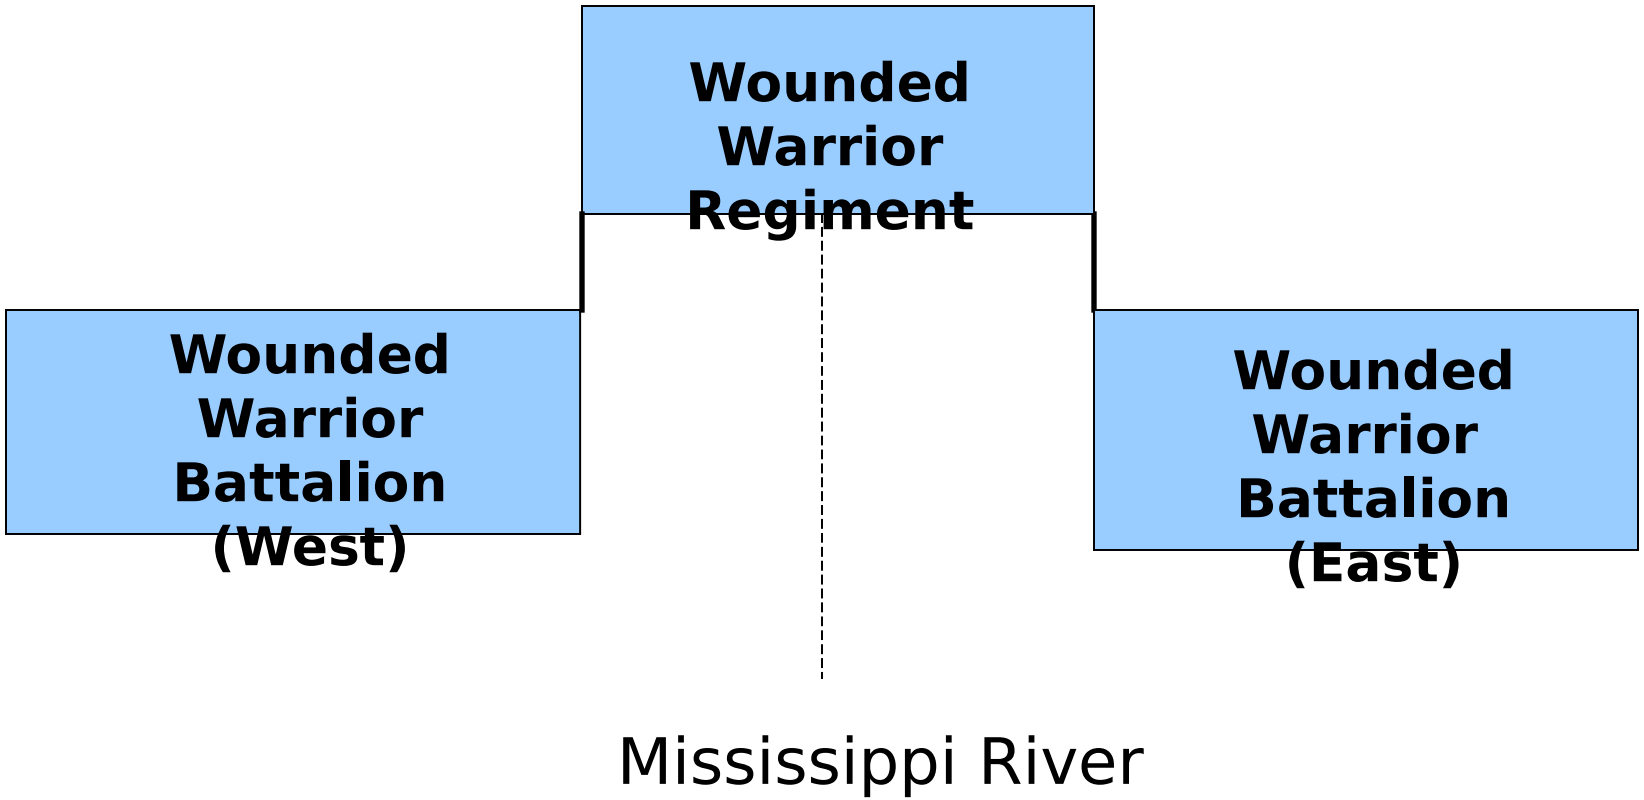
WOUNDED WARRIOR REGIMENT

“While the support to our Marine Corps and families has been exceptional, we need an organization that provides additional rigor to the phrase ‘Marines take care of their own.’ Therefore, we will stand up organizations intended to add continuity to the care and support of our wounded Marines and Sailors.”

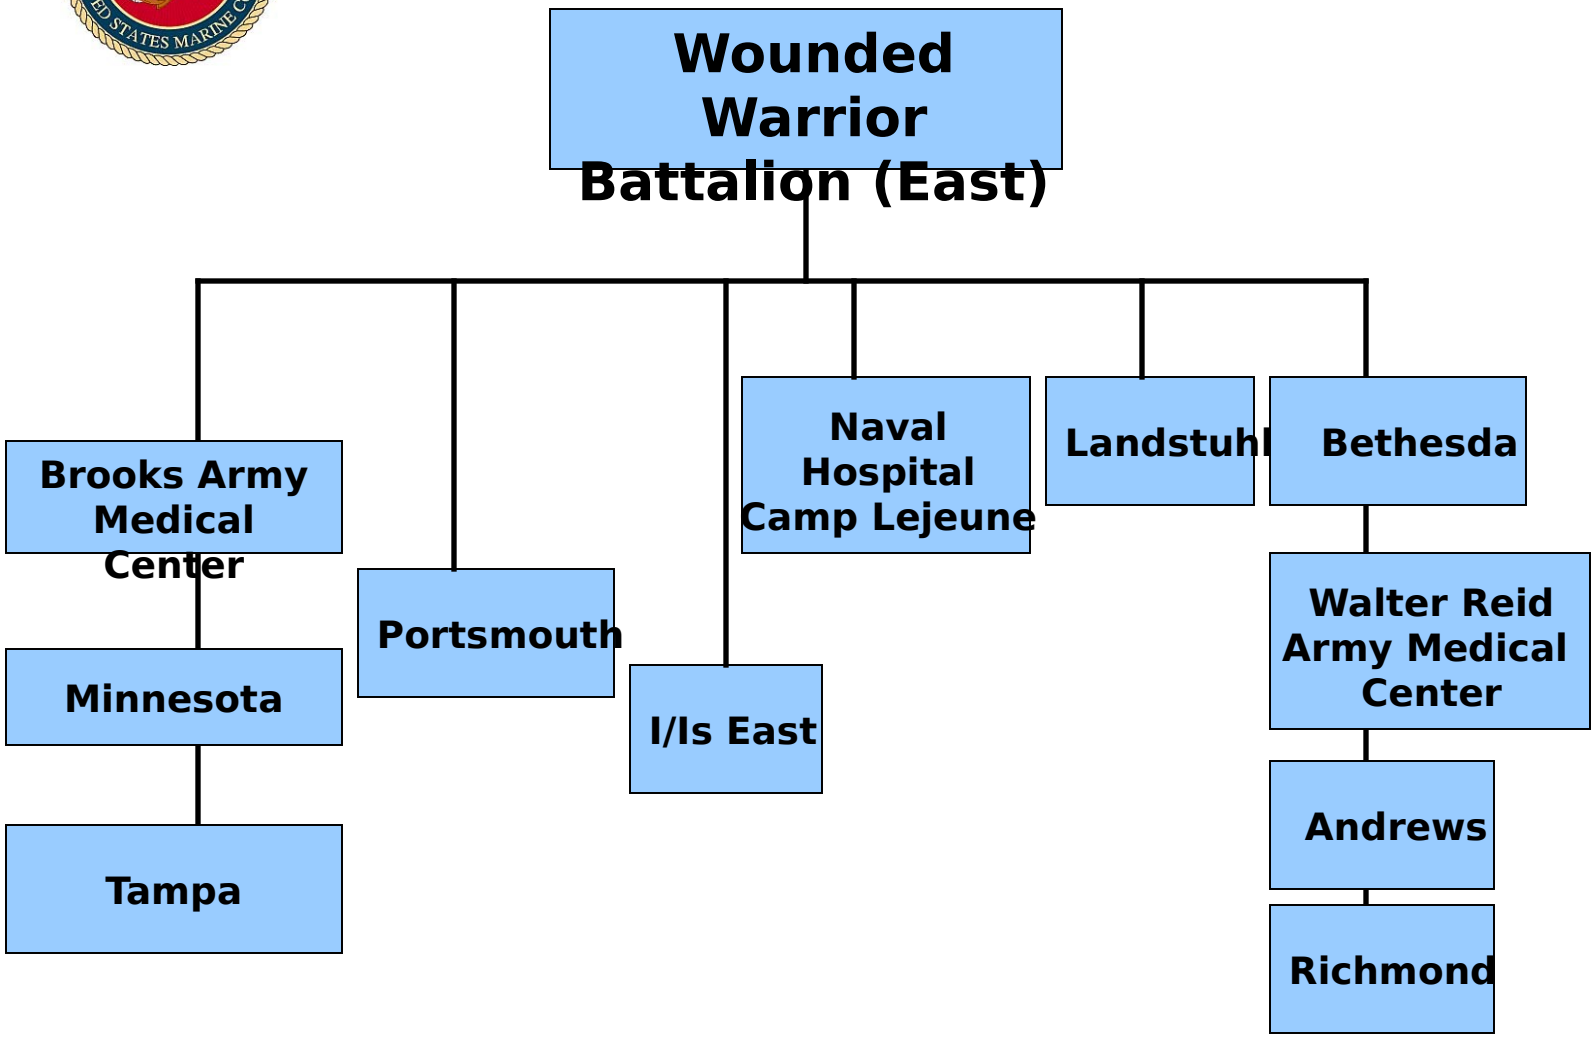
MISSION

The Wounded Warrior Regiment will provide and facilitate assistance to ill/injured Marines, Sailors attached to or in support of Marine units, and their family members, throughout the phases of recovery in order to assist in rehabilitation and transition.

Wounded Warrior Regiment Organization



Wounded Warrior Battalion - East



Wounded Warrior Battalion - West
